SIG™ - Shenandoah Intuitive Guidance™ sessions are approached with a compassionate heart and spiritual insight. Every intuitive guidance session is a calming walk into understanding.

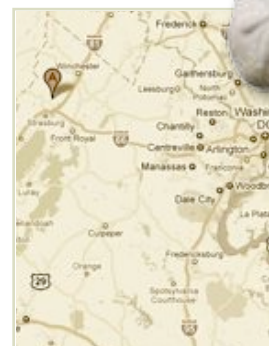

Conscious of her spiritual calling from childhood, Dr Ranna-Lesley Lachlan has spent over 3 decades meditating and training in spiritual and intuitive practices in India, Japan, other parts of Asia, Australia, and the USA. She has lengthy practitioner-experience in guiding people through life's challenges. She holds a Credential of Ministry and a PhD that integrated Asian spirituality.

Peace, compassion, and happiness to all beings in all dimensions and all universes... *Ranna*
